27 May 2020

Dear participants,

In these changing and uncertain times many difficult and sometimes disappointing decisions have had to be made as we all do what we can to ensure our community is safe as it can be from the impact of COVID-19.

I know for many of us the TAT200 has become an important event in our annual fitness and social calendar. Getting together each year to train and participate in the event while supporting many wonderful local charities is always enjoyable.

As we are all aware in these uncertain times it is particularly difficult to plan for large get togethers and social events. While the TAT200 is some way off we feel it is appropriate that we make an early decision regarding the staging of the event with of course our first priority being the health and safety of all involved.

After careful consideration we have decided to cancel the TAT200 for 2020. While disappointing we feel it is the appropriate decision and it is perhaps an opportunity for many of you to set more aspirational goals for 2021, for example if you were planning to ride 100klms this year maybe train on through and set the goal for 200klm in 2021.

The company will liaise with the local charities supported by the TAT200 and ensure that we keep any multiyear commitments that have been made and are associated with the event.

We are disappointed to make this decision, as advised earlier in the year we will continue to endeavour to conduct our corporate event at Bega that was scheduled for March at an appropriate date later in the year if at all possible.

Thank you for your many years of support and participation in the TAT200, I look forward to being back on the bike and seeing you all in 2021.

Best Regards

Barry Irvin  
Executive Chairman
